

Marine *Elegance* Comfort Height

Imagine a comfort-height bowl with an elongated seat designed with your utmost convenience in mind. The Marine Elegance is not just about comfort, it's about transforming your expectations of what a marine toilet can be.

At the heart of this transformation is our groundbreaking Vortex-Vac technology. This isn't just a feature, it's a game-changer. It creates an internal vacuum within the bowl, rendering additional vacuum equipment obsolete. This is not just about efficiency; it's about redefining the standards of marine sanitation.

Benefits

- ⚓ Unmatched rinsing capabilities
- ⚓ Built in shredder reduces clogs
- ⚓ Low water consumption
- ⚓ One piece elongated vitreous china bowl
- ⚓ Simple mounting system and installation
- ⚓ Elongated size toilet seats
- ⚓ Can pump 10ft vertically or 100ft horizontally

Flush Options

Wall Mounted Controls

- ⚓ **Smart Toilet Control:** Provides timed operation and independent control of water and discharge.
- ⚓ **Multifunction Flush Panel:** Provides momentary operation and independent momentary control of water and discharge.
- ⚓ **Wireless Remote Bluetooth Control:** Mount control panel up to 50ft away from the toilet. Eliminates the need to route wires through bulkheads and cabinetry.

Handle Control (Timed Handle)

- ⚓ **Smart Handle:** Timed Handle allows one push for the start of a timed flush cycle. Push the handle the opposite way to run the macerator only without adding water.

Raritan products are chosen by powerboat, sailboat, houseboat and RV owners and manufacturers the world over for their dependability, environmental responsibility, simplicity of installation, operation and maintenance. The product line includes house-hold style toilets, marine toilets, marine sanitation devices and systems, cleaning products, icemakers, water heaters and rudder angle indicators.
